“FAMILY” STEAK AND SEAFOOD RESTAURANT

Bumper-to-bumper weekend traffic was a phenomenon that begun in the 1950's. More and more motels opened up in Simcoe County, especially around such popular centres as Wasaga Beach. Today this magnificent strip of fine clean sand, curves in a beautiful seven-mile-long crescent around the southeastern corner of Nottawasaga River, so that Wasaga Beach is in fact a long, slender slit of land between the ocean-like bay and the quietly flowing river. A dozen miles away, the Blue Mountains, rising a thousand feet above the water, provide an impressive backdrop.

The popularity of Wasaga Beach increased even during the Great Depression but it was not until the war years that the real invasion began. Canada's greatest military establishment, Camp Borden, provided thousands of soldiers who used its dance halls, its honkey tonks and its tourist cabins for a bit of weekend fun. Dr. Roy I. Wolfe wrote in his 1952 article in Canadian Geographer. "These soldiers gave to Wasaga Beach a new character, a character that it has retained." Weekend crowds were often estimated at between 75,000 and 100,000 during the war and if anything, increased after the return of peace.

MASHED POTATOES MAKE YOU SMART!

Dr. Hammy Hamsterov of the National Eating and Useless Facts Society has a study that he conducted on patrons who frequently ate mashed potatoes at Georgian Circle. It seems that customers that ate mashed potatoes on regular basis actually increased brain activity. "I've tried tutors, hooked on phonics, everything but nothing helps my kids in school", says Mrs. Buddette Spudenski of Wasaga Beach. "Since my kids have tried Georgian Circle mashed potatoes, its been nothing but straight A's".

“THE PROOF IS IN THE POTATOES”

GREAT BEGINNINGS
